The Lynn R. Lowrey ARBORETUM OF RICE UNIVERSITY

RICE CENTENNIAL Walking Tour Map

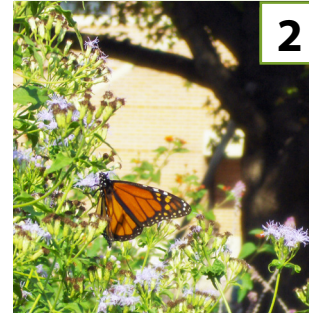

The Lynn R. Lowrey Arboretum is a teaching and research resource of Rice University. Named in 1999 after the well-known Houston horticulturist and collector, Lynn R. Lowrey, the Arboretum comprises the entire campus and encompasses a collection of woody plants, all identified and mapped. The

Arboretum Committee oversees the Arboretum and its projects and provides advice and input on other campus landscape programs and plans. This group draws its membership from Rice faculty, staff and alumni, as well as Rice friends.

Botany Garden
This collection of plants allows students to learn first-hand about plant classification. It includes cacti, agaves, spring-flowering perennials, weeds and wildflowers, some representative of Texas flora.

Alison's Butterfly & Hummingbird Garden
Established in 2008, this garden includes plants that naturally attract butterflies and hummingbirds.

ARBORETUM PROJECTS

Liddell Garden
One of the first major Arboretum projects, the Liddell Garden was dedicated in 2005 in memory of Alice York Staub Liddell '49. It features plants from Mrs. Liddell's own garden, and a birdbath designed by Rice alumni Sarah Simpson '09.

Wiess Grove
Dedicated to James and Margaret Elkins in 2007, the Wiess Grove provides a collection of native trees for the open area on the south corner of Wiess College.

Wildflower Planting Area
Each fall the Arboretum Committee sponsors seeding of portions of the Harris Gully Natural Area with wildflower seeds, which leads to lovely blooms in the spring.

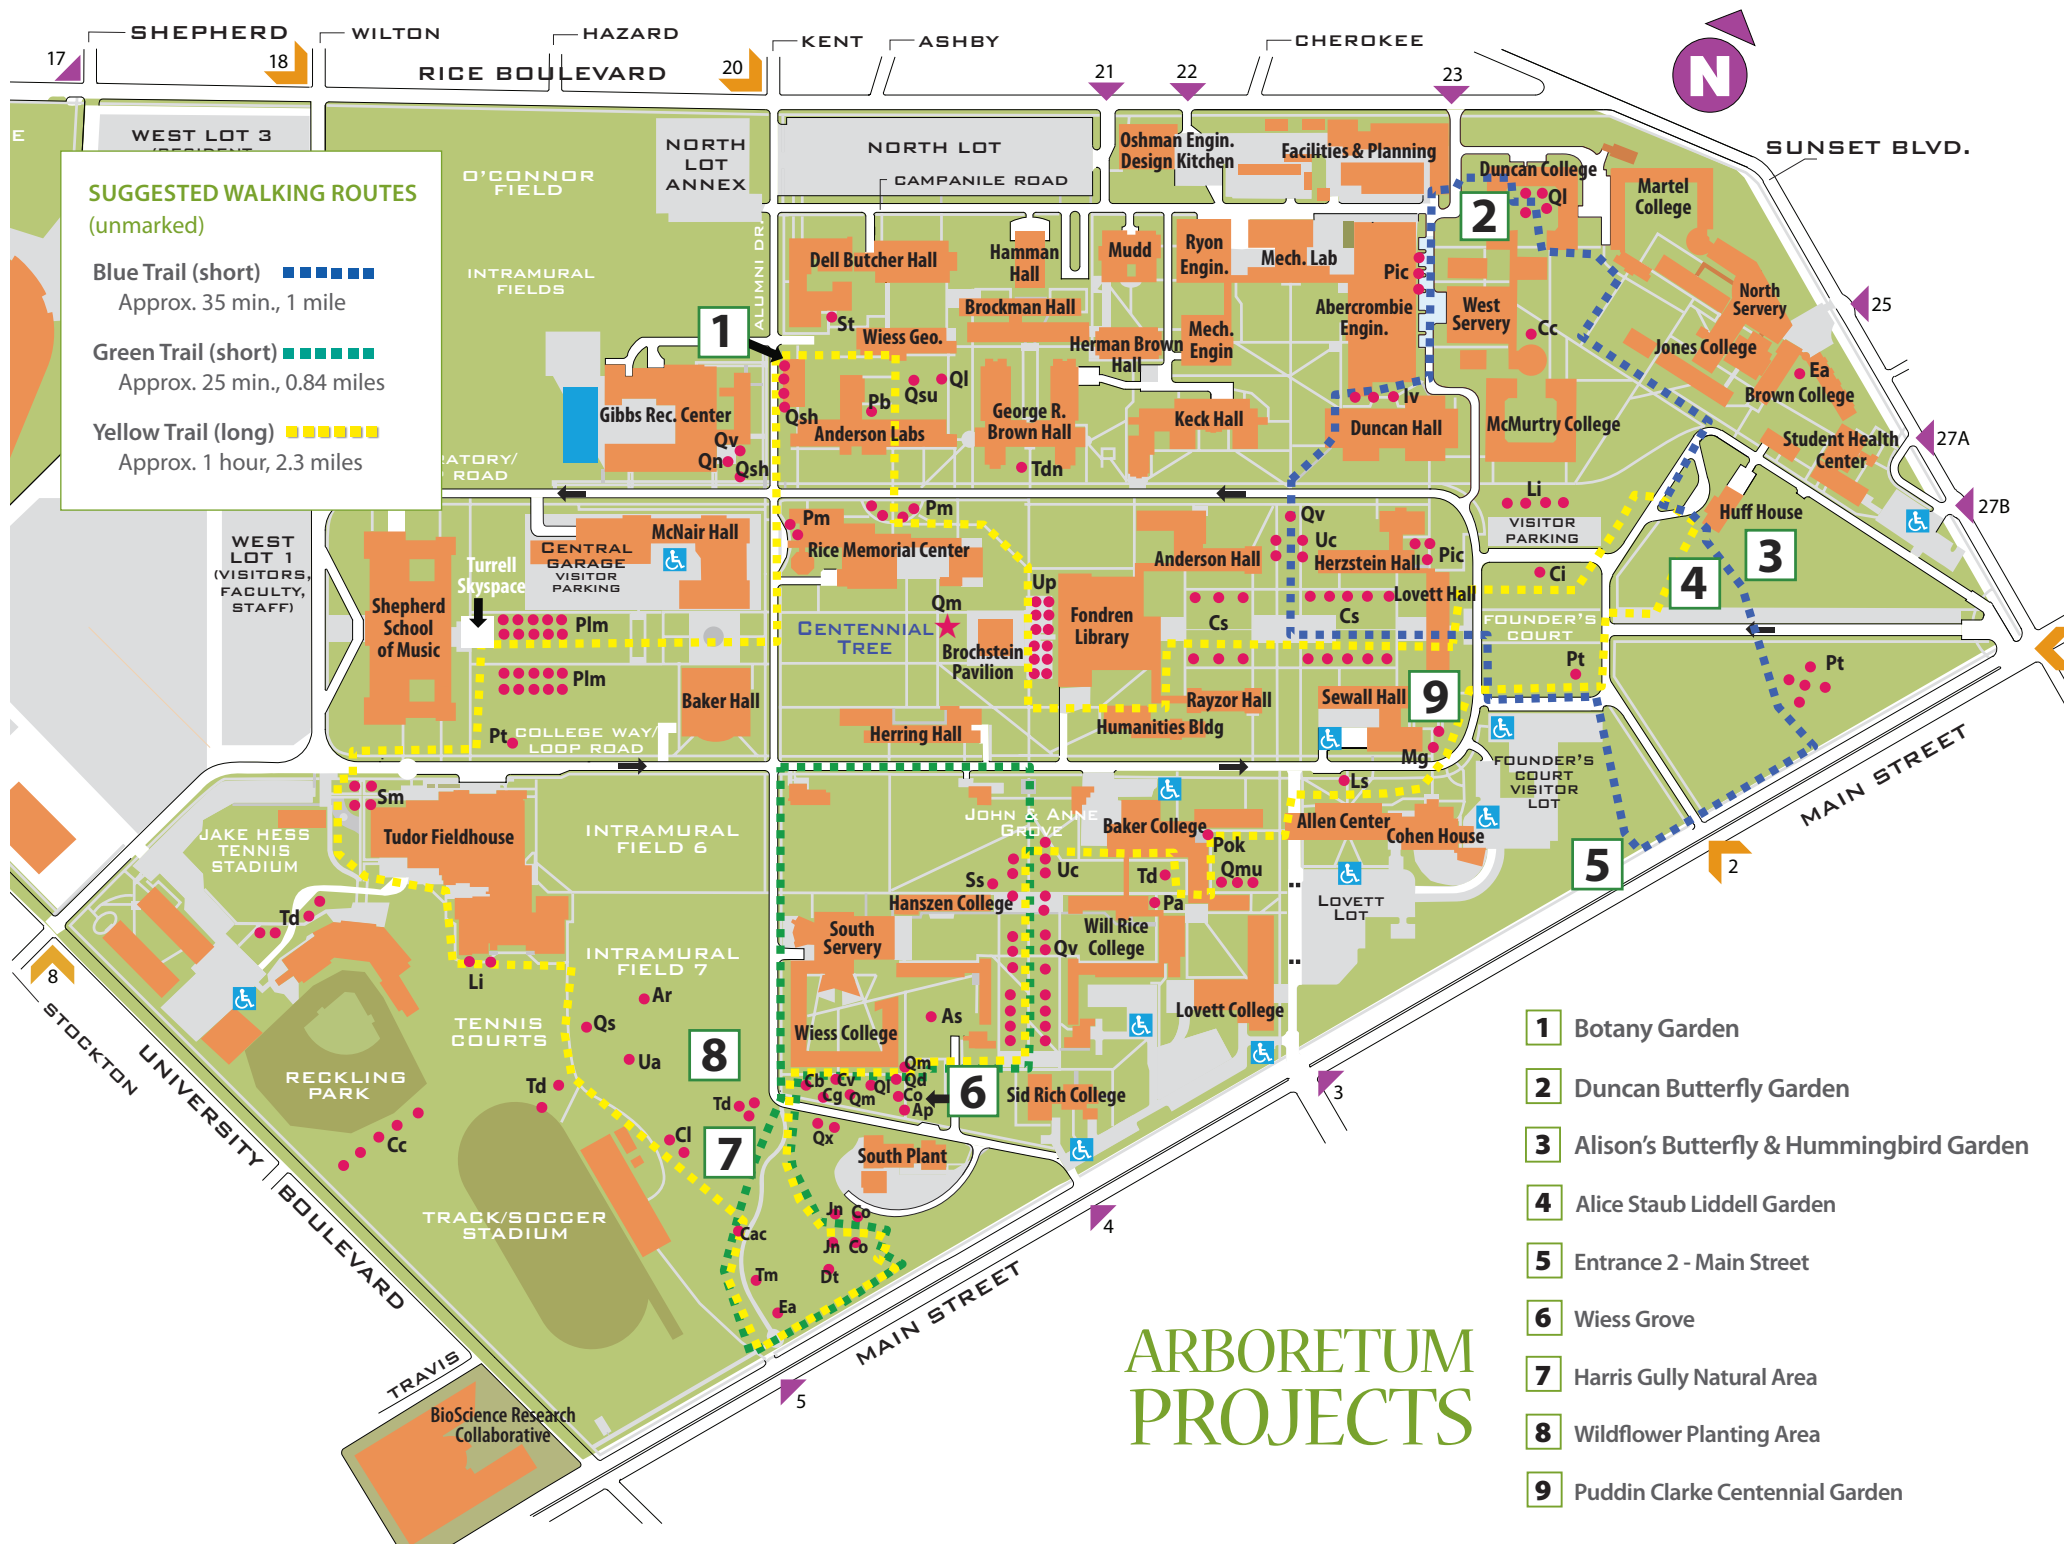

Harris Gully Natural Area
This rare remnant of Rice's original landscape is the subject of ongoing restoration and enhancement by the Arboretum Committee.

Entrance 2 - Main Street
The Arboretum Committee actively experiments with alternative plantings for future use along Rice's perimeter.

Puddin' Clarke Centennial Garden
Planted in the summer of 2012 in honor of Jean ('Puddin') Clarke, spouse of Robert L. Clarke '63, the garden celebrates Rice's 100th birthday. It features an arc of Old Blush China roses, an old-fashioned variety.

Campus Tree Map
All trees on Rice's campus have been identified and mapped, and the map is available online:

TREES OF INTEREST
(indicated by ●) 4,200 trees on campus

Ap	<i>Aesculus pavia</i>	Red Buckeye
Ar	<i>Acer rubrum</i>	Red Maple
As	<i>Acer saccharum</i>	Southern Sugar Maple
Cac	<i>Carpinus caroliniana</i>	Ironwood
Cb	<i>Cordia boissieri</i>	Wild Olive
Cc	<i>Cercis canadensis</i>	Eastern Redbud
Cg	<i>Carya glabra</i>	Pignut Hickory
Ci	<i>Carya illinoensis</i>	Pecan
Ce	<i>Celtis laevigata</i>	Sugar Hackberry
Co	<i>Carya ovata</i>	Shagbark Hickory
Cs	<i>Cupressus sempervirens</i>	Italian Cypress
Cv	<i>Chionanthus virginicus</i>	Fringe Tree
Dt	<i>Diospyros texana</i>	Mexican Persimmon
Ea	<i>Ehretia anacua</i>	Anaqua
Io	<i>Ilex opaca</i>	American Holly
Iv	<i>Ilex vomitoria</i>	Yaupon Holly
Jn	<i>Juglans nigra</i>	Black Walnut
Li	<i>Lagerstroemia indica</i>	Crape Myrtle
Ls	<i>Liquidambar styraciflua</i>	Sweetgum
Mg	<i>Magnolia grandiflora</i>	Magnolia
Pa	<i>Parrotia persica</i>	Parrotia
Pb	<i>Persea borbonia</i>	Red Bay
Pc	<i>Prunus carolina</i>	Carolina Cherry-Laurel
Pe	<i>Pinus elliotii</i>	Slash Pine
Pic	<i>Pistacia chinensis</i>	Chinese Pistachio
Plm	<i>Platanus mexicana</i>	Mexican Sycamore
Pok	<i>Podocarpus maki</i>	Japanese Yew
Pm	<i>Prunus mexicana</i>	Mexican Plum
Pom	<i>Podocarpus macrophyllus</i>	Japanese Yew
Pt	<i>Pinus taeda</i>	Loblolly Pine
Qd	<i>Quercus durandii</i>	Durand Oak
Ql	<i>Quercus lyrata</i>	Overcup Oak
Qm	<i>Quercus macrocarpa</i>	Bur Oak
Qmu	<i>Quercus muehlenbergii</i>	Chinkapin Oak
Qn	<i>Quercus nigra</i>	Water Oak
Qp	<i>Quercus pagoda</i>	Cherrybark Oak
Qs	<i>Quercus stellata</i>	Post Oak
Qsh	<i>Quercus shumardii</i>	Shumard Oak
Qsu	<i>Quercus suber</i>	Cork Oak
Qv	<i>Quercus virginiana</i>	Live Oak
Qx	<i>Quercus michauxii</i>	Swamp Chestnut Oak
Sm	<i>Sabal mexicana</i>	Texas Sabal
Ss	<i>Sophora secundiflora</i>	Texas Mountain Laurel
St	<i>Sabal x texensis</i>	Brasoria Palm
Td	<i>Taxodium distichum</i>	Bald Cypress
Tdn	<i>Taxodium distichum</i> var. <i>nutans</i>	Bald cypress var. <i>nutans</i>
Tm	<i>Taxodium mucrumatum</i>	Moctezuma Cypress
Ua	<i>Ulmus alata</i>	Winged Elm
Uc	<i>Ulmus crassifoli</i>	Cedar Elm
Up	<i>Ulmus parvifolia</i>	Chinese Elm
